

BitWise Audio and Video Controllers

BitWise Controllers, Apps and More!

It is easy for installers to integrate BitWise controllers with little to no coding needed, and it is simple for users to manage systems via Leviton Touchscreens and Apps. The fully-customizable BitWise control app is available for iOS and Android smartphones and tablets. Installers can customize the look, feel and included features to fit the needs of an organization or individual users.

Specifications

- Logic scheduling for automation
- Three controllers don't run the components of your automation system – significant compatibility with industry devices
- Supports two-way interaction with serial and networked devices
- Communicates with every BitWise user interface (including iOS, Android, and OmniTouch 7) and BitWise controller on the network
- Now integrates with Omni security & automation systems.
- Now supports intercom with OmniTouch 7 Touchscreens.

Ordering Information

CAT. NO.	Description
